DOES FOR SALE

Maggidan's Minis Breezy #70060F

S: Maggidan's Minis Rulon

D: Maggidan's Minis Zephyr

DOB: 5/24/11

Breezy has kidded once and could possibly be bred again. Otherwise she would make a nice pet or show goat. She has been keeping company with a buck so may be bred. There is no guarantee of pregnancy or live kids. US open on 2/23. But might have tested too early. \$175.00

Heavenly Blessings Christmas Eve #74526F

S: Heavenly Blessings Elite's Solo

D: PGCH HB Moonlit Summer

DOB: 12/24/14

Eve has kidded once. She rejected both healthy kids, but this happens every now and then to first timers. She could easily be a great mother on following kiddings. She is a very nice quality pygmy, just not really what fits well in our breeding program. She could have better rear leg angulation. US open on 2/23, but may have been too early to tell. \$400.00
