This girl is a poser. She sets square by herself. It literally took me less than a minute to get pictures. Great width in the chest floor, smoothly blended. Flashy. I may regret not switching over to Kinders. 250.00

This is a gorgeous doe. She is very well balanced, feminine without being too refined. 250.00

I may consider selling Bellagio to the right home. He is a big boy, very easy to handle with good manners. If you are looking for decent width and bone, a longer body for easier pregnancy and kidding, plenty of depth, this could be your boy. He would make a GREAT Kinder maker. He has several wins: 2x Grand and 3x Reserve Grand as a 2 and 3 year old. 500.00

This boy has wow factor. Prefer a show home. He has width, bone, muscling, a gorgeous head, and some nice bling that he passes readily. I'd like to see him hold his stifles more smoothly to his barrel. He has been Reserve Senior and Reserve Grand. This was the buck I used over our Nubians to make this year's F1 Kinders. 400.00

This buck needs to finish "cooking". Remember when looking at these pictures he is just 16 months old and going through the uglies. But he is all there. Structurally sound with an upright head carriage, beautiful head, and his depth, width and bone is returning. If he is here this fall I am putting him to work. I had him sold and held him for a long time. But the deal has fallen through. 450.00 **SALE PENDING**

Beautiful buck from his head to his tail. Stands on strong straight legs, tracks well, lots of body capacity, strong straight topline.

Oh my, the camera loves this buck. Either this one or the black buck above is my pick for this year. I'll just let the pictures speak for themselves. 550.00 **SALE PENDING**

I had to choose this day for pictures. He is at a gawky stage, but still his great structure shows. Great balance even at this gawky stage, upright head carriage, and a very nice dishd head. \$400.00

Again I choose the day he is feeling the most gawky. But this boy as been doing it for me since he was born. He is going to be flashy with his lighter gray coat. Already showing nice increasing depth, a handsome pygmy type head that is wide between the eyes with a strong muzzle. He is just 3.5 months old in these pictures. \$350.00
